pin -- pinfall at the State tournament, establishing a new State record for the best three game team series with a score of 3531. I'd also like to take a moment to give special recognition to the coaches. They have been a steadfast and driving force toward the team's success. Head Coach Doug Cottam and Assistant Coach Barry McDermott have dedicated 23 years to Harrisburg High School Bowling, guiding these athletes since the IHSA introduced bowling as a sport in 2002. Their leadership, wisdom and commitment have been crucial to shaping these young men into champions. Also, let's not forget the contributions of Assistant Coach Sebastian Barton, who has helped make this season a remarkable one. This team's journey to the State title didn't just start this year. They -- they recorded an undefeated varsity season and their victories in four tournaments, including the regional sectional titles are testaments to their preparation and determination. But it's not just the results that stand out. It's the character, sportsmanship and teamwork that they've demonstrated along the way. To the entire Harrisburg Bulldogs bowling team, you've shown that greatness is possible through dedication and teamwork. Your hard work, focus, and effort have inspired all of us. You've set a new bar for what's possible in the world of high school sports. Congratulations, coaches and players. You've made Harrisburg and Southern Illinois proud, and you've earned every bit of this victory. Here's to the first State Championship in bowling and to many more successes in the future. PRESIDING OFFICER: (SENATOR MURPHY)

Senator.

SENATOR VILLA:

Thank you, Madam President, to the resolution. Today, I'm so happy to see my colleagues wearing red to support and spread awareness on cardiovascular disease, a disease that has unfairly affected women at a larger scale than men. Women have always experienced many unique life stages that can increase our risk to developing cardiovascular disease over the course of our lifetime. For far too long, women have been left out of research, testing, treatment, and the adequate funding to tackle the disease. But collectively through Go Red for Women Movement, we are changing this. It is because of these gender disparities that days like today are critical to spreading awareness on what we can do to increase support in our fight to lower the likelihood of cardiovascular disease. Women at every age, stage of life, and background need our support and that is why we go red. I want to end by announcing that the American Heart Association is hosting a CPR training in Room M1 of the Stratton Building until 2 o'clock today. I encourage everyone to take the time to go and learn from

Thank you, Madam President. Well, this is a fun resolution. So today, I recognize World Nutella Day is celebrated annually on February 5th, which is today. And it brings people together from all over the world to celebrate their love of Nutella, the iconic hazelnut spread enjoyed by millions and enjoyed by us yesterday. Ferrero, the company behind Nutella, is a global confectionery leader with deep roots in Illinois, including a 75 million dollar investment at the City of Bloomington in my District, for the company's first chocolate production factory in North America. Further -- further solidifying the company's commitment to Illinois's economic development. It's demonstrated a strong commitment to Illinois with its continued investment in the State,

with employing over 1500 individuals at facilities that drive the economies and provide for local jobs. World Nutella Day provides an opportunity to celebrate Fierro's contributions to the State of Illinois and recognize the delight Nutella brings to the households across this State and throughout America. And also, I'd like to like to recognize that Skip Cooney was -- and his team was who brought us those lovely, delectable, different things that are spread with Nutella yesterday.
